SECTION P: MATERIAL CHANGES IN THE INFORMATION PROVIDED IN THE GENERAL INFORMATION DOCUMENT

1. Risk relating to our Business

Paragraph 8 of Section (C) of the General Information Document shall stand substituted as follows:

8. We derive significant operational benefits, including access to a wide range of resources like office premises, key management and sales teams, business relationships, etc. from our Promoter, SCL. We have not entered into formal arrangements for the sharing of most of such resources and may be restricted from using SCL's resources with no recourse against such restriction in the future.

We are a wholly owned subsidiary of our Promoter, SCL. Our Company draws upon a range of resources from our parent company, SCL, such as key management, common business, sales and credit teams, treasury operations, branches, information technology, business relationships and infrastructure. Our Company operates at a consolidated level with SCL and as of September 30, 2024, we had 216 branches (at consolidated level) spread across India and 1 branch (at consolidated level) in Dubai, out of which 6 branches exclusively belong to our Company and the rest of the branches are SCL's location, where our Company has been granted access to certain workstations under a memorandum of understanding with SCL. Additionally, our Promoter has made regular equity infusions in our Company, depending on the business needs of our Company. In the event our promoter ceases to share such resources or withdraws infrastructural and/or monetary support, we will have no recourse against such actions, resulting into adverse effects on our business, prospects, financial condition and results of operations.

Any disassociation of our Company from our Promoter and/or our inability to have access to the infrastructure provided by SCL would adversely affect our ability to attract customers and to expand our business, which in turn could adversely affect our goodwill, operations and profitability.

Following paragraph in Section (C) of the General Information Document shall be inserted as follows:

We have changed our brand name and our business may be harmed if our brand development strategy is not successful.

In October 2023, we announced that the Company had applied to change its name from Indiabulls Housing Finance Limited to Sammaan Capital Limited with the regulator along with an application for conversion from a "Housing Finance Company" to a "Non-banking Financial Company – Investment and Credit Company". RBI has given its consent for conversion of the company from HFC to NBFC-ICC and also for name change pursuant to the RBI letter dated June 28, 2024 (which came into effect on and from July 2, 2024). Presently we have changed our brand name and we expect to continue to focus on asset light business model. Additionally, our Material Subsidiary has received the no objection letter from the RBI for the proposed change in its name to Sammaan Financial Services Limited in January 2024 however, the Office of Registrar of Companies, Delhi & Haryana ("RoC") could not make available this name due to technical reasons. Based on the ICCL's application, the RoC has approved the change of name of ICCL to "Sammaan Finserve Limited," subject to RBI and shareholders' approval. SFL has filed letter dated March 4, 2024 to the office of RBI, seeking no objection certificate for new name and subsequently after approval from the RoC, had vide its letters dated June 24, 2024 and July 2, 2024 requested RBI to issue NOC, for the proposed new name "Sammaan Finserve Limited", to make the actual name change of ICCL, which will come into effect from receipt of NOC and issue of fresh certificate of registration in the new name, which is pending with RBI. Developing and maintaining awareness and integrity of our Company and our new brand are important to achieving widespread acceptance of our existing and future offerings and are important elements in attracting new customers. The importance of brand recognition will increase as competition in our market further intensifies. Successful promotion of our brand will

depend on the effectiveness of our marketing efforts. We plan to continue investing resources to promote our brand, but there is no guarantee that our brand development strategies will enhance the recognition of our brand. If our efforts to promote and maintain our brand are not successful, our operating results and our ability to attract and retain customers may be adversely affected.

2. Details of the branches and premises of the Issuer.

Section D(b) at page no. 50 of the General Information Document shall be substituted as follows:

As of September 30, 2024, we have 216 branches spread across India and 1 branch in Dubai, out of which 211 premises are our parent's branches, where we have been granted access to certain workstations under a memorandum of understanding with Samman Capital Limited (formerly known as Indiabulls Housing Finance Limited). Our network (including that of our parent company Samman Capital Limited) gives us a pan-India presence across Tier I, Tier II and Tier III cities in India which also allows us to interact with and service our customers at the local level, whilst ensuring that credit decisions are taken at regional hubs in accordance with defined and identified internal parameters and protocols as per our retail credit and commercial credit policies.

1 crore = 10 million

Refer to annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL Ratings assigned its 'CRISIL AA/Stable' rating to the Rs 1500 crore non-convertible debentures and reaffirmed its 'CRISIL AA/Stable/CRISIL A1+' ratings on the existing debt instruments and bank facilities of Indiabulls Commercial Credit Ltd (ICCL; wholly owned subsidiary of Indiabulls Housing Finance Limited [IBHFL; rated 'CRISIL AA/Stable/CRISIL A1+']). CRISIL Ratings has also **withdrawn** its rating on Rs 96.85 crore NCDs on redemption, in-line with its withdrawal policy.

The ratings continue to reflect IBHFL's strong capitalisation, with healthy cover for asset-side risks, comfortable asset quality in the retail segments and sizeable presence in retail mortgage finance. These strengths, however, are partially offset by the need to demonstrate a successful transition to its planned new funding-light business model as well as the susceptibility of company's asset quality to risks arising from the commercial real estate portfolio

Analytical Approach

CRISIL Ratings has combined the business and financial risk profiles of IBHFL and its subsidiaries. This is because of substantial operational and management integration, common promoters and shared brand.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

Strong capitalisation with healthy cover for asset-side risks

Capitalisation is marked by sizeable network of Rs 19,792 crore as on March 31, 2024, supported by equity raise of Rs 3,693 crore in FY2024 and healthy internal cash accrual. Accretion of Rs 1,988 crore from sale of bulk of its investment in OakNorth Bank in fiscal 2021 also strengthened the capital position. Network coverage for net non-performing assets (NPAs) was comfortable at around 19.9 times as on March 31, 2024. Further, consolidated Tier-1 capital adequacy ratio (CAR) was healthy at 31.5%, as was overall CAR at 33.3%. Consolidated on-book gearing was comfortable at 2.5 times as on March 31, 2024 (3.0 times as on March 31, 2023). Given the strong liquidity that IBHFL maintains on a steady-state basis, net gearing was 1.6 times as on March 31, 2024 (2.2 times a year ago).

The company has demonstrated strong ability to raise capital including the Rs 1231 crore from rights issue in Q4FY24 from overall proceed of Rs 3,693 crore of right issue. It also raised Rs 683 crore equity through qualified institutional placement in fiscal 2021 and Rs 293 crore through stake sale in OakNorth Bank in fiscal 2022. Strong capitalisation should continue to support the overall financial risk profile.

Comfortable asset quality in retail segments

IBHFL reported gross non-performing assets (GNPAs) of 2.69% as on March 31, 2024, compared to 2.86% as on March 31, 2023 (3.21% as on March 31, 2022). Reduction in GNPAs over fiscal 2023 has been driven by improvement in asset quality (GNPAs) of the mortgage book to 1.71% as on March 31, 2023, from 1.97% a year ago while GNPAs in the commercial credit book increased to 10.28% March 31, 2024, from 9.06% as on March 31, 2023. Overall asset quality improved in fiscal

2024 and remains comfortable in these segments (together forming 89% of assets under management [AUM] as on March 31, 2024) with GNPA's at 1.44% and 2.84%, respectively.

With a few high-ticket slippages in the commercial credit book over the past few years and continued traction in refinancing of this portfolio resulted in its de-growth, GNPA's in this segment remain elevated at 10.28% as on March 31, 2024 (9.06% as on March 31, 2023)

Nevertheless, the risk-mitigating measures of the company are prudent, in the form of conservative loan-to-value ratios (averaging around 65%) in the LAP segment, and emphasis on collateral with sufficient cover in the commercial real estate segment. However, any sharp increase in NPAs, mainly in the commercial credit portfolio, and its impact on profitability will remain key rating sensitivity factors.

Sizeable presence in the retail mortgage finance segment

The total AUM of IBHFL stood at Rs 65,335 crore as on March 31, 2024. Share of housing loans within the overall AUM increased to 72% as on March 31, 2024, from 50% as on March 31, 2015. The LAP portfolio accounted for 17% of the overall AUM as on March 31, 2024, with the remaining comprising commercial credit. The proportion of housing loans and LAP is expected to increase further over the medium term.

Overall AUM, although has increased 1% QoQ, it has declined by 3% year-on-year as on March 31, 2024, led by lower disbursements as well as higher prepayments and sell-down in the commercial credit book. This is because of the current business transition towards building a more granular portfolio. The overall disbursements during fiscal 2024 were Rs 14,807 crore (Rs 14,042 crore during fiscal 2023).

Revival in the overall AUM growth may begin this fiscal. Over the medium term, share of own book in the total AUM would continue to decline as the company remains focused on co-lending. Nonetheless, its overall presence in the retail mortgage finance market should remain sizeable.

Weaknesses:

Successful transition to new business model to be established

towards a less risky and asset-light framework, wherein disbursements will primarily be in the housing loans and LAP segments (with a potential 60:40 split), with a low proportion of incremental disbursements in the developer finance portfolio. Further, on a steady-state basis, of the overall disbursements, a significant proportion will be either co-originated or sold down to banks.

IBHFL has started working towards this new model and thus far, entered into a co-origination agreement with eight financial institutions. Disbursements amounting to Rs 9560 crore were done in fiscal 2024, up 22% from last fiscal, under these agreements. However, ability of the management to increase the disbursement pace, establish tie-ups with multiple banks and successfully scale-up this model, while maintaining healthy profitability and asset quality is yet to be witnessed. However, the company has demonstrated good execution capabilities in scaling up businesses in the past.

While earnings may decline from levels seen in the recent past, it will be supported by income from co-origination, off-balance sheet portfolio, and from spread on sold-off loans. Further, this will be commensurate with the more granular, lower-risk portfolio, which will be the focus under the new business model. In the recent past, earnings were impacted on account of decline in AUM. However, it stabilised in fiscal 2023 due to increase in income from other sources. Overall, return on assets (RoA) of IBHFL improved to 1.6%⁽¹⁾ during fiscal 2024, compared to 1.4% in fiscal 2023.

Susceptibility to asset quality risks arising from the commercial real estate portfolio

Asset-quality risks arising from a sizeable, large-ticket commercial credit portfolio of Rs 7,426 crore as on March 31, 2024, persist, and could impact the portfolio performance. This portfolio exhibits high concentration (average ticket size of Rs 150 crore), with the top 10 exposures forming 64% of the corporate AUM and having a median rating of B/BB. Thus, even a few large accounts experiencing stress could impact the overall asset quality.

The share of commercial credit in overall AUM decreased over the last few years to 11% on March 31, 2024, from 17% on March 31, 2019. The management has launched an alternative investment fund (AIF) platform for this segment wherein Rs 200 crore has been disbursed to a leading developer. Further, the process of filing for regulatory approvals is underway for launching two more AIFs. Going forward, the company may continue to do selective lending to existing borrowers in this space.

However, any weakening in asset quality, specifically in the commercial real estate book and its impact on profitability, remains a monitorable.

⁽¹⁾In the past few years, IBHFL has been setting apart by way of transfer to Additional Reserve Fund amounts in excess of the statutory minimum requirement as specified under Section 29C pursuant to Circular no. NHB(MD)/DRS/PoI-No. 03/2004-05 dated August 26, 2004 issued by the National Housing Bank. The additional amount so transferred may be utilised in the future for any business purpose. During fiscal 2023, the company has withdrawn Rs 525 crore from the Additional Reserve Fund; further, during fiscal 2024, the company has withdrawn Rs 610 crore from the Additional Reserve Fund. Excluding the transfers to and from the Additional Reserve Fund, the adjusted RoA for the company would be 0.8%, 1.5% and 1.0% for fiscals 2024, 2023 and 2022. However, the company's five-year average RoA would remain at 1.3%.

Liquidity: Strong

Asset liability maturity profile of IBHFL dated March 31, 2024, shows a cumulative positive gap (cumulative inflows over cumulative outflows) in the up to one-year bucket. The company has reduced its reliance on commercial paper funding and

extended its liability duration. It had nil commercial paper borrowing as on March 31, 2024, against 16% overall borrowing as on September 30, 2018.

Liquidity remains strong as IBHFL maintains adequate liquidity at any point in time, to cover 90-100% of debt repayment for the next 12 months. As on April 30, 2024, IBHFL had total liquidity of around Rs 7,215 crore in the form of investments in mutual funds, certificates of deposits, bank balances, fixed deposits and undrawn available sanctions, against total debt of around Rs 2,829 crore due for repayment till October 31, 2024.

Fund raising has been improving. The company raised around Rs 21,312 crore in fiscal 2024 and Rs 8,280 crore in the first quarter of fiscal 2024 as debt resources. While a part of the bank funding has come as roll-over of working capital or cash credit lines, the frequency of long-term funding from banks has improved in recent quarters including an external commercial borrowing of Rs 789 crore. Continued access to funding will be a key monitorable.

Outlook: Stable

CRISIL Ratings believes IBHFL will maintain strong capitalisation, comfortable asset quality in the retail segments and sizeable presence in retail mortgage finance.

Rating Sensitivity Factors

Upward Factors

- Successful scaling up of the new asset-light business model, while sustaining RoA at over 2% on a steady state basis
- Significant improvement in IBHFL's asset quality reflected in substantial reduction of gross NPAs
- Significant and sustained increase in fund mobilisation levels

Downward Factors

- Deterioration in asset quality with gross NPAs increasing to and remaining above 3.5% over an extended period, thereby also impacting profitability
- Potential weakening of earnings profile with changes in the business model resulting in RoA of less than 1%
- Reduction in liquidity coverage over debt repayments
- Inability to raise fresh capital to sustain comfortable buffers
- Funding access challenges reflected in limited fund-raising

About the Group

IBHFL is one of the larger housing finance companies (HFCs) in India. In its current legal form, its origins date back to April 1, 2012, when Indiabulls Financial Services Ltd was reverse merged with it. The process was completed on March 8, 2013, following the Delhi High Court's approval on December 12, 2012. After the merger, IBHFL continues to operate as an HFC registered with the National Housing Bank. The company, along with its subsidiary Indiabulls Commercial Credit Ltd, focuses on asset classes such as mortgages and commercial real estate. As part of an institutionalisation exercise, the promoter group had exited entire stake in the entity and the company is professionally managed. Further, the company has initiated a rebranding exercise to simplify its corporate structure and signify the focus towards retail mortgage lending.

About ICCL:

Rationale

Material event

On November 14, 2024, Sammaan Capital Limited (SCL; erstwhile Indiabulls Housing Finance Limited (IBHFL)) – the parent company of Sammaan Finserve Limited (SFL; erstwhile Indiabulls Commercial Credit Limited (ICCL)) announced that it would be acquiring the legacy loan book of its wholly-owned subsidiary – SFL at fair market value and on arm's length basis. SFL will subsequently be reorganised into an affordable housing finance company (AHFC). Further, SCL plans to eventually divest its majority stake in SFL to external investors.

SCL received a certificate of registration (CoR) as a non-banking financial company – investment and credit company (NBFC-ICC) from the Reserve Bank of India (RBI) in June 2024. While approving its conversion into an NBFC-ICC from a housing finance company (HFC), the RBI had directed the company to ensure that no other entity in the Group¹ should hold a CoR as an NBFC-ICC/HFC within 12 months of the NBFC-ICC CoR being granted to SCL. SFL also holds a CoR as an NBFC-ICC and SCL has time till June 2025 to comply with the RBI's directions.

Impact of material event

SCL's acquisition of SFL's legacy loans² is a part of the proposed reorganisation, whereby the latter would be scaled up as an AHFC. SFL housed large-ticket home loans (HL), loan against property (LAP) and developer loans; its assets under management (AUM) stood at Rs. 11,590 crore as on March 31, 2024. It identified loans aggregating Rs. 7,200 crore for transfer to SCL and external agencies were appointed as transaction advisors. Provisions of ~Rs. 1,700 crore were made on SFL's opening loan book against stage 2, stage 3, special mention accounts (SMA) or other delinquent accounts. Further, the remaining identified loan book of Rs. 5,497 crore was fair valued at Rs. 3,164 crore, entailing additional provisions of Rs. 2,333 crore.

The management has asserted that the provisions were not reflective of the asset quality of the underlying exposures but were attributable to factors such as higher cost of capital of a typical market purchaser, illiquidity discount owing to shorter tenure horizon, basis risk (as the loans are at floating rates and the cost of capital is fixed), regular credit costs, etc. Moreover, the additional provisions of Rs. 2,333 crore were not allocated to any specific exposure and represent a general provision cushion against SCL's total consolidated legacy book, which stood at Rs. 33,125 crore as on September 30, 2024 compared to the peak of Rs. 1,20,525 crore as on March 31, 2019. During March 2019 and September 2024, the consolidated legacy book had run down by ~72%. SCL will continue to operate under the asset-light business model in the prime HL and LAP/loans to micro, small and

¹ Sammaan Capital Limited and its subsidiaries are collectively referred to as Sammaan Group or the Group

² Any loan – retail or wholesale, disbursed by the Group prior to March 2022 is referred to as a legacy loan

medium enterprise (MSME) segments while SFL will focus on transforming into an AHFC, providing HLs and LAP of relatively smaller ticket sizes.

Historically, ICRA has taken a consolidated view of the credit profiles of SFL and its parent – SCL, given the operational synergies and linkages, shared name and common management oversight. Considering the current restructuring exercise and the proposed measures to scale up SFL as an independent AHFC, the linkages are expected to reduce gradually. Nonetheless, as SFL is a wholly-owned subsidiary, ICRA expects SCL to continue providing financial and operational support till the transition is concluded. Hence, ICRA has changed the analytical approach for SFL, building in the implicit support available from SCL instead of taking a consolidated view.

While taking the rating action, ICRA has factored in SFL's modest scale of operations and limited track record as an AHFC. Further, it is noted that the company is yet to demonstrate its ability to scale up the proposed business model profitably while maintaining healthy asset quality on a sustained basis. SFL's AUM stood at Rs. 4,898 crore as of September 2024 compared to Rs. 11,590 crore as of March 2024. The decline is attributable to the sale of legacy loans to SCL, which entailed sizeable fair value provisions, resulting in the company reporting a net loss of Rs. 2,780 crore in H1 FY2025 compared to a net profit of Rs. 228 crore in H1 FY2024. The reported headline asset quality metrics remain benign, post the sale of the legacy loans, and would be tested once the loan book scales up and seasons under the new model. Nonetheless, ICRA notes that SFL's capitalisation remains comfortable, supported by a net worth of Rs. 3,007 crore (capital-to-risk weighted assets ratio (CRAR) of 50%) and a low gearing of 1.2 times as of September 2024. The rating watch would be resolved once more clarity emerges on the plan for the proposed stake sale and reorganisation. At that point, the analytical approach and rating sensitivity factors would be reviewed and finalised.

Key rating drivers and their description

Credit strengths

Comfortable capitalisation – SFL's capitalisation remains comfortable, characterised by a net worth of Rs. 3,007 crore (CRAR of 50%) as of September 2024. This provides sufficient cushion for near-term growth while maintaining a comfortable cushion over the regulatory capital adequacy requirement (15%). ICRA notes that SFL's capitalisation was impacted by credit costs of Rs. 4,121 crore in H1 FY2025 owing to the fair valuation of the legacy loans transferred to its parent – SCL. Nonetheless, the capitalisation remains comfortable, especially in the context of the proposed business model and the envisaged scale for the medium term. Overall, the capital structure is characterised by modest gearing with total debt/net worth standing at 1.2 times as on March 31, 2024 compared to 1.3 times as on March 31, 2024, while solvency (net non-performing advances (NNPA)/net worth) stood at 0.3% as on September 30, 2024. ICRA expects the capitalisation to remain comfortable in the near term, despite the proposed transition to an AHFC and the likely uptick in on-balance sheet advances in the medium term. Incremental loan book growth would be largely debt funded and SFL's ability to raise funds from diverse sources at competitive rates, while maintaining prudent capitalisation, would be imperative from a credit perspective.

Parentage in the form of SCL – SFL is a wholly-owned subsidiary of SCL, which is an established player in the domestic mortgage finance industry. As on September 30, 2024, SCL's consolidated AUM stood at Rs. 65,261 crore comprising HLs (73%), LAP (17%) and commercial credit (CC; 9%). The off-balance sheet book stood at Rs. 12,777 crore as of September 2024. SCL is focused on building an asset-light business model. It had co-lending partnerships with 10 banks as on September 30, 2024 and plans to increase the same to twelve by March 2025. These partnerships would largely be with mid-sized public and private sector banks. SCL has a presence in major Indian states/Union Territories (especially Maharashtra, Delhi and Uttar Pradesh) with over 200 branches. ICRA notes that it plans to divest its stake in SFL in the near to medium term, though operational, managerial and financial support is expected to remain forthcoming till the transition is concluded.

Credit challenges

Modest scale and limited track record – SFL's AUM stood at Rs. 4,898 crore as of September 2024 compared to Rs. 11,590 crore as of March 2024. The decline was on account of the transfer of SFL's legacy loans to SCL in order to right-size the company and scale it up as an AHFC. Historically, SFL housed the Group's large-ticket HL/LAP and developer loans. Going forward, SFL would provide HL and MSME/LAP, primarily in tier 3/4/5 cities, with an average ticket size of Rs. 15-25 lakh. The company was already operating in this segment to a certain extent via its Smart City HL/LAP product, although it has a limited track record as an AHFC and the scale remains modest at present. Moreover, it would need to establish systems, processes, sourcing, distribution and collections teams/infrastructure, independent of its parent. The requisite transfer of manpower, branch network and other resources and appointments to the senior leadership team are yet to be completed, with the same expected to be concluded by March 2025. Thus, the scale-up remains susceptible to the initial teething issues inherent to growing any new business model.

Ability to scale up operations profitably and demonstrate healthy asset quality – SFL reported a net loss of Rs. 2,780 crore in H1 FY2025 compared to a net profit of Rs. 228 crore in H1 FY2024, owing to the credit costs associated with the fair valuation of the legacy loans sold to SCL. Further, it is in the process of reorganising itself as an AHFC. It would need to set up separate teams, systems and processes, branch network, etc., which would lead to elevated operating expenses during the interim period. Moreover, SFL would be required to establish its debt franchise as incremental AUM growth would be debt funded. Its ability to raise funds from diverse sources at competitive rates would be critical, especially given the constraints arising due to absence of an HFC licence. Further, SFL's ability to scale up its operations profitably would remain imperative from a credit perspective.

The reported headline asset quality metrics remain benign due to the provisions against the existing delinquent exposures in Q2 FY2025 as a part of the sale of legacy loans to SCL. The gross NPA (GNPA) and NNPA stood at 0.5% and 0.2%, respectively, as of September 2024 compared to 1.7% and 0.6%, respectively, as of March 2024. As the company scales up its loan book under the new business and the portfolio seasons, an uptick in the reported asset quality metrics cannot be ruled out. SFL's ability to demonstrate stable asset quality on a sustained basis would be critical from a credit perspective.

Liquidity position: Adequate

SFL's liquidity profile is characterised by positive asset-liability gaps (based on asset-liability management profile as on September 30, 2024), supported by the sizeable on-balance sheet liquidity. Notwithstanding the recalibration of the liquidity policy amid the improved operating environment, the on-balance sheet liquidity stood at Rs. 1,403 crore as on September 30, 2024 (~30% of the borrowings as of September 2024). Further, ICRA expects support to be forthcoming from the parent in case of exigencies. ICRA notes that the company endeavours to maintain on-balance sheet liquidity sufficient to cover 50-75% of the repayments falling due in the ensuing 12 months.

Rating sensitivities

Positive/Negative factors – The rating has been placed on Watch with Negative Implications, which would be resolved once more clarity emerges on the plan for the proposed stake sale and reorganisation. At that point, the analytical approach and rating sensitivity factors would be reviewed and finalised. Among other plausible factors, the rating could be downgraded if the concerns, which triggered the placement of the rating on Watch with Negative Implications, transpire.

About the company

Incorporated in 2006, Sammaan Finserve Limited (SFL; erstwhile Indiabulls Commercial Credit Limited (ICCL)) is a wholly-owned subsidiary of SCL. SFL is a non-deposit taking systemically important (ND-SI) NBFC registered with the RBI. Historically, it provided small and medium-sized enterprise (SME) loans, mortgage-based financing and LAP. SFL's AUM stood at Rs. 4,898 crore as of September 2024 compared to Rs. 11,590 crore as of March 2024. In Q2 FY2025, SFL sold legacy loans aggregating ~Rs. 7,200 crore to its parent company at fair value, entailing a sizeable uptick in the provisions and resulting in a net loss of Rs. 2,780 crore in H1 FY2025 compared to a net profit of Rs. 228 crore in H1 FY2024. Going forward, SFL would scale up as an AHFC, providing HL and MSME/LAP loans with an average ticket size of Rs. 15-25 lakh in tier 3/4/5 cities. SFL's parentage is also expected to change in the near to medium term, as SCL plans to divest its stake in the company as a part of the current reorganisation. The associated manpower transfer from SCL, allocation of branch network, appointments to the senior leadership team, etc., are likely to be completed by March 2025.

SCL

Sammaan Capital Limited (SCL) was incorporated in 2005. Previously known as Indiabulls Housing Finance Limited (IBHFL), it operated as an HFC registered with National Housing Bank (NHB). In June 2024, the company received a new CoR as an NBFC-ICC from the RBI. SCL provides HLs and LAP/MSME loans. As on September 30, 2024, its consolidated AUM stood at Rs. 65,261 crore comprising HLs (73%), LAP (17%) and commercial credit (CC; 9%). The off-balance sheet book stood at Rs. 12,777 crore as of September 2024.

Over the last few years, the company shifted its focus towards an asset-light business model. It had co-lending partnerships with 10 banks as on September 30, 2024 and plans to increase the same to 12 by March 2025. These partnerships would largely be with mid-sized public and private sector banks. The company has a presence in major Indian states/Union Territories (especially Maharashtra, Delhi and Uttar Pradesh) with over 200 branches. The erstwhile promoter – Mr. Sameer Gehlaut, had sold his majority stake in SCL in December 2021 and resigned from the board in March 2022. He was reclassified as a public shareholder, post receipt of approval from the stock exchanges.

SFL faces prepayment risk, given the possibility of debt acceleration upon the breach of covenants, including financial covenants, operating covenants and rating-linked covenants. Upon failure to meet the covenants, if the company is unable to get waivers from the lenders/investors or the lenders/investors do not provide it with adequate time to arrange for alternative funding to pay off the accelerated loans, the rating would face pressure. In this regard, ICRA notes that the recent developments have not resulted in a breach of the covenants.

OUTSTANDING LITIGATIONS

OUTSTANDING LITIGATIONS

Details of pending litigation involving the Company, its promoter, director, subsidiaries, group companies or any other person, whose outcome could have material adverse effect on the financial position of the Company, which may affect the issue or the investor's decision to invest / continue to invest in the Debentures.

I. Involving our Company

Except as disclosed below, there are no other pending litigations involving our Company which could have a material adverse effect on the financial position of our Company, or which may affect the Issue or an investor's decision to invest in the Issue.

A. Material Civil Proceedings

Against our Company

1. The Enforcement Directorate (“ED”) filed an original complaint bearing no. 1327 of 2020 before the Ld. Adjudicating Authority under the Prevention of Money Laundering Act, 2002 (“PMLA”), New Delhi, provisionally attaching the properties of Khurshedabad, S.K. Barodawala Marg, Cumbala Hill, Mumbai-26 vide Provisional Attachment Order no. 04/2020 dated July 9, 2020 (“PAO”). filed an application for impleadment and reply/ objection in the above said complaint, inter alia on the grounds that (i) the property is mortgaged with our Company and we only hold a security interest over the property, (ii) no notice was ever issued to our Company and by virtue Section 26 C and E of the SARFAESI Act, our Company has prior right over the property attached. By an order dated April 8, 2021, the Adjudicating Authority under the PMLA (“Adjudicating Authority”) confirmed the PAO. In the writ petition filed by our Company High Court of Delhi has ordered that status quo be maintained on the attached properties, which include Khurshedabad, S.K. Barodawala Marg, Cumbala Hill, Mumbai-26 till the appeal is taken up for consideration by the Appellate Tribunal, PMLA. our Company has filed the appeal within the said stipulated time. our Company has also filed an application seeking permission to initiate the sale of the mortgaged properties. The matter is currently pending.
2. Three separate securitization applications under Section 17 of the SARFAESI Act have been filed by Adithya Developers (“Borrower”) before the Debts Recovery Tribunal, Bangalore (“DRT”) challenging the measures taken by our Company under Section 13(4) of the SARFAESI Act by way of taking over the possession of certain properties in respect of a loan. The Borrower had availed three loan facilities for ₹71.50 crore, ₹48.50 crore and ₹0.97crore, respectively, from our Company, which were classified as NPAs on account of default committed in the repayment of the loans by the Borrower. Following this, our Company had issued notices under Section 13(2) of SARFAESI Act. The Borrower has alleged that no loan facility has been granted by our Company and that the Borrower has not given any security against the loan facilities. The three securitization applications have been disposed of by DRT.

The said application was allowed by NCLT, Mumbai and an Interim Resolution Professional (“**IRP**”) was appointed. While forming the committee of creditors (“**COC**”) of SRUIL, the IRP not only reduced the amounts claimed by SCL but the home buyers of the already sold Mortgaged Property were also included as members of the COC. Further, SCL had separately sold allotment rights with respect to forty-one (41) flats in project 'Palais Royale' to Honest Shelters under SARFAESI Act. Through its order dated March 18, 2020, the Delhi High court issued summons to the Defendants and granted interim injunction restraining Prashant Bhushan from tweeting or re-tweeting certain facts pertaining to Yes Bank until next hearing and directed Twitter International Company, Facebook Inc. and Instagram Inc. to takedown / expunge the tweets in relation to the said matter. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410- 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit, conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We do not express an audit opinion.

Conclusion

4. Based on our review conducted as stated above in paragraph 2 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in aforesaid applicable Indian Accounting Standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 52 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters, to the extent applicable.
